

CAPTAIN Oi! RECORDS

CAPTAIN Oi! F.C.

1996-1997

THE CAPTAIN'S CORNER...

When Captain Oi! was founded in 1993 we thought we'd release one Oi! related CD a month and had enough to last us about a year and a half. Now, four years later, we have nearly 70 titles on CD as well as another 30 or so on vinyl with plans well advanced to hit the magical AHOY CD 100!

Though most titles were initially pressings of 1000 copies we found that demand for many of them far out-stripped this and so whenever we've re-pressed a release we've made each pressing different by adding things like a picture disc and a lyric booklet. We also pride ourselves on being the 'best dressed street re-issue label' around and nearly all of our releases come with sleeve notes, bonus tracks, clear tray cards and six page booklets. Likewise, with our vinyl titles, all our single albums come with an insert - some on coloured wax - whilst the double LP's are all packaged in deluxe gatefold sleeves.

We've also got an extensive 'wants list' of releases we'd like to put on CD and always welcome suggestions for possible releases so please drop us a line if there's a particular band/album that you think should get the Captain Oi! treatment.

Until next season, Oi! Oi!
